

How does it feel to just fly  
away from this world?...

Let Me Float Up to The Moon And  
Live With The Stars ✨

I wish I could get away  
from this world...

I miss my Mom and  
Dad but they miss  
me back?

Do you feel free when you fall from a  
building?... I would love to be free just like  
the butterflies are... Only if I could be...

I Don't like being Human and  
having feelings... they hurt a little  
to much.

I Love My Lover ❤️

I want to... Run Away  
From My life And Start  
A Whole New One...
