OKAY OKAY OKAY
So you finished season 1, now what?
Next up is season 2, bfdia (Battle For Dream Island Again) now you may notice that there is a 10 year gap between episode 5 & 6, plus its still going to this day (also part 2 of 5 of episode 5 is some flash game but you really don't need to worry abt that you arent missing much imo)
Now heres the thing, the seasons are in chronological order, meaning all the bfdia episodes AFTER 5, take exactly 10 years before their actual youtube post date in canon!
SO DESPITE BEING POSTED AFTER ALL OF BFB AND IDFB 1 AND LIKE THE FIRST DOZEN EPISODES OF TPOT, I HEAVILY RECCOMEND WATCHING ALL OF BFDIA FIRST BEFORE GOING FORWARD
Then, there's season 3, IDFB (dnalsI maerD roF elttaB), currently its has only one episode, but it does take place before BFB and TPOT as well, and will be worked on after BFDIA is finished. So you can watch ep 1 before going to bfb
And the last struggle, season 4, BFB (Battle for BFDI), for the most part is straight forward, just watch TPOT 1 (The Power of Two) after BFB 27 but before BFB 28, as that is where the TPOT episode takes place canonically if i recall

TLDR:
BFDIA 1-18 (on going)
IDFB 1
BFB 1-27 (it's split into season 4a and 4b just dont worry about that part for now)
TPOT 1
BFB 28-30
TPOT 1-17 (on going)

ALSO you might've heard of Inanimate Insanity at this point, another really popular object show. its not made by jacknjellify but here's the watch order of that in case you want more OSC after BFDI:
All of s1
S2 1-14
All of s3 (it canonically takes place inbetween s2 ep 14 and ep 15 trust me it makes so much more sense after you finish season 2)
S2 15-18
