

Please...peace!

I know y'all are mad at each other, but arguing doesn't help. Y'all say y'all aren't true Muslims, so what? It doesn't matter what the other says. Also, there's no point in reporting the other. They can create a new acc! I keep finding y'all's posts on "following". Nobody likes this.

It's not gonna end unless y'all forgive each other.

Please sign this peace treaty on the next page:

In signing this treaty, I agree:

- I will be kind and forgive
- I will not report or get others to report
- i will truly think about it
- I will understand that neither was serious about marrying or dating or any crazy thing like that
- I will respect the other and forgive
- I will understand that people make mistakes, and being mean and trying to get rid of them somehow isn't the answer.
