Why I'm  
SO Stupid  
@ Letsg00000709

how stupid  
I am to be a blabber  
mouth  
and making  
drama  
with my Bestie  
because of me stupidly  
talking random  
-kholoud - 2010

how afraid I am to know that  
my crush knows I like him because  
people cant keep secrets anymore and  
they act like they are stupid and  
worthless to make you feel bad and  
forgive them. When you still dont say u forgive  
them, people think ur selfish because that  
person has family/home problems and u dont  
care! now all you have are friends that wont  
even help u when u fall so ur alone. u started  
to just rely on notability but ur parents  
think ur addicted and you start to fight with them  
24/7. With all of this drama ur trust issues  
bubble breaks and now u cant even trust  
the people close to u, u start to have more  
mental break downs, and u talk to urself  
without even knowing. u started writing  
everything down but ur afraid someone will  
find it. NOW Im Depressed thanks to  
these selfish people! But they got  
everyone to make them believe that they  
did nothing by swearing on god but I can  
tell when people lie! -kholoud-2011

The traumatizing part where this kid describes how if his dog can't live then mine can't either. But he definitely felt as much pain when i did when he pulled the plug of my dog. So like yeah
