

I don't have one rn
but if I did, this is how
I would act: 

Do you have a CRUSH? Bingo

they smile
at you and it
makes your
day

you pretend
that you
find them annoying

you talk
about them
constantly

you've
dreamed
about
them

you blush
whenever they
talk to you

when they get in
trouble you are in
denial that they did
something wrong

you're
afraid
to embarrass
yourself around
them

you like
to imagine
that you're
together

you catch
them staring
at you and your
brain explodes

whenever someone
mentions them
you immediately
start eavesdropping

you subtly
watch them
in the
halls

you
try
to look nice
to impress
them

when someone
finds out,
they try
to hook
you up

you catch
yourself
thinking about
them too
much

you
have
a hard time
talking
to
them

you
know
you'll never
be
together
