

The life of an Aussie

Here in Australia as a child we put on our uniform and go to school!

In school we learn

Tree climbing

bear foot class

And many more depending on your school

After school we usually chuck of our shoes and head to the bush to climb trees and do some crazy part core

In Australia our days our 12 hours long. So we spend 5 hours awake.

We do not have dinner since Australia is upside down! Being upside down makes us loose our appetite.

Then we sing waltzing Matilda before bed.

We also snatch the latest soccer/football Matildas game

(Matilda's is the Aussie fifa team)
