some of my favorite quotes from books:

“you could be great. you could rattle the stars” - Elena Galathynius Havilliard, Throne of Glass

“to the stars who listen— and the dreams that are answered” - Rhysand, A Court of Mist and Fury

“you loved me when no one else would. you never stopped. even when i didn't deserve it, you loved me, and fought for me, and...i love you, Feyre” - Nesta Archeron, A Court of Silver Flames

“i would have come for you. and if i couldn't walk, i’d crawl to you, and no matter how broken we were, we'd fight our way out together—knives drawn, pistols blazing. because that's what we do. we never stop fighting” - Kaz Brekker, Crooked Kingdom

“the thought filled me with grief, grief for the dreams we'd shared, for the love i’d felt, for the hopeful girl i would never be again” - Alina Starkov, Shadow and Bone

“maybe love was superstition, a prayer we said to keep the truth of loneliness at bay. i tilted my head back. the stars looked like they were close together, when really they were millions of miles apart. in the end, maybe love just meant longing for something impossibly bright and forever out of reach” - Alina Starkov, Ruin and Rising

“you may ask me, as others have done before, whether it was kindness or cruelty to allow them to meet, so soon before his departure, with so little time to discover each other. whether the pangs of loss do not invalidate the bliss of love. especially where war is concerned, and Death runs rampant with his bloody scythe. you may say that it was wicked of me to allow James to find Hazel, and Hazel, James, if three days were all they would have. i don’t call it cruelty. i do not apologize” - Aphrodite, Lovely War

“i would rather lose this entire war than live without you, and if that means i have to prove myself over and over, then i’ll do it. you gave me your heart, and i’m keeping it” - Xaden Riorson, Fourth Wing

“you don't want to be the hero, you want the happy ending- that's why you came to me. if you do this, that will never happen. heroes don't get happy endings. they give them to other people. is that what you really want?” - Jacks, Once Upon A Broken Heart
