

Chapter 5

Still in memory

After a bit, we both go to his room and just cuddle for a while. About 2 hours later though, Emily walks in and freezes when she sees us. He immediately pulls away from me and looks at her but before he can say anything, Emily says “No, No, it’s fine but make sure Mary doesn’t find out, okay? besides i like Court better then Mary.” He chuckles before laying back down and pulling me close. I look at Em and say “It’s a one time thing...I can’t do that to Mary...” She immediately looks at me and says “Awww but i want you to be my sister! Mary won’t let me be the maid of honor if they get married!” I giggle and say “Well maybe one day Em but not now.” A bit later i say “i should get going...” only for him to pull me closer and say “No...not yet...i don’t want to have to let you go yet...” i whisper back “I have to, Bran...” My eyes widen as i feel tears fall onto my neck and i hear him whisper “Please...i haven’t felt this happy in years...please, Courtney...” I take off my oversized hoodie and put it on him. “Here...” i whisper “So i’m always with you...” He immediately does the same, gently pulling the fabric over my head. I smile and

kiss his cheek gently before leaving.
