

I wake up to Pollo barking at me, I stood up and went to the kitchen for dog food. I fill Pollos bowl and walk to the couch, I look down and see Apollo. I look at the clock and see that the time is 3:30. I shake Apollo and he wakes up, he groans and rolls over, “wake up!” I yelled. He smacked his teeth “shut the the freak up” he quietly said. I grab his arm and pulled him up. “I’m so ti-” “I think your mom is worried about you” I interrupted him. He pulls me down on couch next to him. “Apollo you need to go, your mom might be worried” I told him, “My mom doesn’t come back in two weeks” He said. I looked at he face and laughed. “What’s so funny?” He said with a confused expression on his face. “You slept on my necklace and your cheek looks like it has tiny holes” I said with a chuckle. “Oh, why is it funny?” He said. “Because I thought you would feel the necklace on your face” I said. He sat up and smiled at me. “Wanna go to the park and finish the snowman?” He asked me. I nodded and smiled. “I’ll go get ready, I’ll come back when I’m done, you get ready as well because I’m going to take you out for lunch” he said walking out the door. I walk up stairs and walk in the restroom, I take a shower for twenty minutes and grab my towel. I dry up and walk to my room. I put on my white long sleeve shirt, My low rise pants, and and my black baker boy hat. I walk down stairs and slide on my sock and then I thrown on my black converse. I walked outside and saw Apollo already waiting for me. “You look great!” He said “thank you” I said. I we walked to the park and sat on a bench, we talked for hours and then we went to a cafe around the block. I got a coffee and Apollo got a coffee as well. We sat by the window, “So what do you do when your alone?” Apollo asked me. “I mainly imagine myself at fashion show or I draw and I feed Apollo” I replied. “Oh, then imma start coming to your house everyday” he said reaching to hold my hand. I smile and looked around. “Let’s go” I said. We stood up and left the cafe, we walked around the small stores. We went in one that looks like it has vintage clothing. “Get anything you want” Apollo said, I smiled and grabbed his hand. I don’t really want him to waste money on me so I walked out while holding his hand. “I thought you you wanted something” he said with a confused look, “I don’t want you to buy me anything, you already bought me a coffee and that was enough for me” I told him. He nodded and got of his knees. “Climb on I’ll carry you” he said. “Ummm, no thanks I like walking around” I told him. “I insist” he said with

watery eyes. “Ugh, fine” I said rolling my eyes. I climbed on his back and he started walking. It felt weird being on his back. He started walking and he walked back to my house. “Let’s skip all the whole week of school” he said. “Uhhh, ok sure why not” I replied to him. We entered the house and he sat me down on the couch. He sat next to me and laid his head on my shoulder.
