

Never gets old no matter how much I'm told
I'm amazing, you're amazing

Hard to get tired when I'm always on fire
I'm blazin', ooh, you're blazin'

All my greatness
It doesn't come for free (yeah)

All my talent
It doesn't grow on trees

Take a breather (ooh)
Then take it all away

If the top is where you wanna stay

You gotta work hard (uh-huh)
To make it look it easy

You gotta live fast
To keep makin' that money (ooh)
If you want to be as famous as me
You gotta work, gotta work, gotta work

Watch me work
