

Ok so my math teacher right
He was took in for investigation of diddling children last year. And he's
still not fired, the doors right there, old man.

We know what you've done
Ok so today in class he's saying how 1 person got a F on their test and
yapping to us how we should not be like them, and he's like "oh yeah I
have kids too, 6 year old and 5 year old"

YOU SHOULD NOT HAVE KIDS OLD MAN

you are under investigation of diddling kids why are you trusted with KIDS
And you don't even wear a ring did you adopt those kids or diddle a
teenage girl.

Creepooooohh
