

GUYS I'm out of the hospital and my shoulder still hurts! I'm bored and need people to talk to, comment anything and we can chat! Or shoot me an email (check my bio for that) I've been obsessed over Aang from avatar the last airbender, I just found out I have the skin in Fortnite! Me and my brother were playing as Zuko and Aang! QUESTION OF THE DAY: what's ur favorite food? Mine is katsudon or sesame chicken!
