I walked into Emilys room and asked “Hey Em! Where’s your brother?” She pointed to the window, signaling Brandon was outside. I went outside to see he was swimming. I looked him over before he said “Like what you see?” I immediately looked away with a blush. He grabs my chin and forces me to look at him. “Don’t look away from me, baby.” He says with a smirk. “Brandon...We shouldn’t...” i whisper. He sighs and pulls me onto his lap by my waist. “I know...but I want you, Court...Not her...” He whispers the last five words. “I know you do, but i can’t hurt Mary like that...” I whisper back as i cup his face in my hands. “Please Courtney...Let me have you just this once...All of you...” He whispers as his hands find their way to my hips and he pulls me closer. “Only this once..” I whisper and he immediately pulls me against his chest by my hips. “Finally...” He whispers before he kisses me.

I try and hold back a moan as his hands wander under my skirt. I quietly moan “Baby...” as his hands reached my inner thighs. I tilt my head back as he starts to leave hickeys all over my neck. I gasp as i feel his hands start to touch my most intimate place. I moan again as i feel him slide two fingers into me and curl them to hit my sweet spot. He pulls his fingers out before picking me up and moving us to a spot in the pool that can't be seen. He picks my legs up, wrapping them around his waist as he presses his growing arousal against my core. “Thats how bad i need you right now...” he whispers in my ear before slowly sliding himself into me. I moan as he start to move inside me. As he goes faster and faster, i release and soon after he does the same.
