

Hi!!

Sorry for the sudden announcement, but basically, we're quitting Notability. We've moved on to other platforms, and Notability isn't really great for pasting external art.

But!! We have a Tumblr, so feel free to follow @st4rrlightwastaken on tumblr.com ^^

To Ajax, we really enjoyed our friendship with you, and your art is amazing.

To everyone else, goodbye, and perhaps see you again.

Signed,

Shi Qingxuan (and Misha ^^)

nice drawing here]
