

If u have too much free time and u like drawing dragons, here's a challenge: Draw Starr, my OC, in her dragon form.

Here's some info to help:

- Black scales
- Golden ridges on her back (from base of head to mid-tail)
- Glowing bright blue markings on her sides (kinda like WoF SealWings)
- 4 legs
- 2 wings
- Black wing struts
- Electric blue wing membranes (fading to green at the edges)
- Golden antler-like horns
- Electric blue eyes
