

I don't want to be rude, but please leave me alone. You're the one that broke it off, you're the one who sent the texts. Don't think I don't know what you've told others about me. Please stop commenting on my things, please just leave me alone.

I'm not interested in being hurt by you again

I don't want to be rude

But please, just leave me alone

We're not friends anymore, you made that very clear

So please,

Leave

Me

Alone
