

@qibli just call me Kazuko (that's my official artist name) or Yara (my irl name) I don't mind either one :')

plus maybe we can exchange discords or smth like that?

Or to be safe that my parents won't notice, there's a website called quora (they have a private chat option)

My discord is ro_yal. and my quora account is CHAN'S HOODIE (just copy and paste it)
