

THE FACT THAT HE SAID YES IS WILD 🤪🤪🤪. He fricken said the way I said was he liked it and he said he didn't feel awkward or uncomfortable around me 🤪. But the fact that I just can't stop thinking about it for hours for no absolute reason is just unbelievable 🤪🤪. But I'm really happy about it 😍✨. So ig now I have a valentine finally after years and years but my friends think I'm funny cuz of my so called "overreacting" (straight boys drama). I have lots of tea that I can spill about boys if y'all want me tooooo hehehe 🤪. Cuz I have lots of drama to spill. But yea anywaysssss I'm fricken happy about it and yea 😍✨. My crush honestly expected it cuz he already knew I liked him 🤪. What do y'all think of spilling my other boy drama lollll.

Y'all I'm going to be planning on making content every day of the week about my dang life cuz why not. And y'all should give me ideas on like for example wallpapers, glow ups, music, and etc. And I might do lots of bingos or would you rather es from here to there and if I don't make that much content that means I'm just busy a lot. But anywaysssss we need to get to 30 followers PLEASE! Lots of update are coming like a face reveal and all that. Well y'all I hope y'all do good :3.
