

Do you ever come up with a head cannon for a fandom that only exists in your head?

Because i did, most of the characters grew up in labs, being experimented on, caused lots of trauma and ptsd, etc etc

But none of them know how to tie shoelaces because they were never taught.  
It becomes this big scene where they're getting ready to go blow up a lab or smth and no one knows what to do with their shoes because ✨ s h o e l a c e s ✨
