

Ok... not I'm really mad!!!! U all know how Luna had that alt account? Well that got banned too!!!! 🤔👎👎 guys this is getting out of hand... like WHO IS DOING ALL THIS GARBAGE!!!! We should put all our suspects together and discuss who is doing this 🤔👎. Like I'm just a girl who is trying to draw and post nice stuff and i got flagged like 6 times 🤔👎 I'm so angry right now... like guys i might take a break from notability and just come back when all this drama is done.. like it was Duolingo then Luna.. WHOS NEXT like I'm kinda scared thb.. also if anyone finds luna's new alt account dont post it out loud.. idk mabye we should all exchange emails and keep it private so the person who is doing all this stuff and flagging people and getting people banned doesn't know... idk tell me what u think in the comments..
