

Back in 2020, I downloaded Fortnite and played with my friend, let's call him Harold. When we were playing one night, he introduced me to a kid named Avuroni. Soon me and Avuroni became best friends. We would play everyday and would make jokes about mostly about "and that's why your dad left for the milk" and dumb stuff like that. When I got discord, he added me and he added me to his group chat. He introduced me to three people named Nugget, Rollo and a girl named Ash. Occasionally Avuroni would leave and Nugget would talk about how Avuroni likes me. I would deny it and so would Avuroni, but Rollo would also say that Avuroni would tell them how much Av liked me. Soon Avuroni made Fortnite teams or whatever and he was a Loot Llama. Ash was a duck team and of course I was with the Loot Llamas. He would wear the llama skins and even call the loot llamas in game his cousins or brothers. Soon I abandoned the games and I lost my discord account. About a year after that, I joined again on my account jennasuckz and Avuroni was on. I joined him and we chatted and I started to play everyday with him again. I basically repeated what I did and left again, abandoning Fortnite. That's when I joined in October of 2022, and I played everyday once again until December. It was almost Christmas and I was playing with him and Nugget. We were playing in a map and when Avuroni left, Nugget asked me to date him. I was confused and said I'll think about it. He told me how Avuroni did like me again. I started to believe it because he always said how he hated all his friends except me. Nugget also told me that Ash and Avuroni were dating and they broke up. That was a big red flag. When Avuroni came back, he asked me in the private chat if we could date. I said yes in a panic and Nugget asked what he had said and he already inferred it. Nugget left the game and it was just me and Avuroni plotting how to make me and my boyfriend (my now ex) break up (we didn't yet). I was at my grandmas at the time and when I got home, I showed the texts from Avuroni to my sister. I continued talking to him and I asked him to show his face. He asked me to first and just in case, I showed my sisters face because she is wayyy hotter than me. He liked it and I sent my face saying it was my sisters. He only said "oh" and my heart froze. He continued to show his face but gave my phone to my sister before I saw it and I asked her if he was hot or not. All she could say was how he looked like a 30 year old man. I swore never to look at it and she told him the hard way how I didn't like him. I know I shouldn't have judge him on his looks but I think WAS a 30 year old man. Everyday he texts me, begging for me to become his friend again. He even went as far as saying he would do anything for me. He said he would kill Volcanic (my ex) for me multiple times. He got his friends to friend me and beg me too. I got one of my friends to message him to stop texting me and since then he has changed his pfp to a emo bird dude. HOW COME I MAKE EVERYONE EMO?! Anyway, this is still going on and I love seeing him beg and beg, it's funny. Also, GOD DAMN THIS IS LONG.
