

ok lets begin

-Their wedding was at Camp.

-First wedding at camp in a long time

-Lura wore a white/silver dress that did have a Greek design but also more modern.

-Nika was Lura's madien of honor

-One of Devin's brothers was his best man

-Astraea and Cole made a surprise visit and was the band for them.

-Lura had Astraea and Nika do her hair in a braid like her regular one but much fancier and it took them an hour because they failed many times.

-Devin's mom couldn't make it for the ceremony so Lura's adopted mom, Ms Bexter, danced with him.

-Devin had Nico raise Lura's dad so he could walk her down the aisle and dance with her.

-Devin made sure that Astraea and Cole played Perfect by Ed Sheeran when he danced with Lura.

-Devin also made sure all of the two's favorite songs were played.

-Devin almost fell asleep at one point because he was so tired from planning everything to be just right but Cole gave him a good ole slap on the back and he was awake for the rest of the evening.

-Chiron officated the wedding

-Devin had the vision during the kiss.

-Afterwards, Cole made the same comment Devin did at their wedding and Astraea almost judo flipped him.

-Near the end of the wedding, Lura and Devin had a small memorial ceremony to honor Jacob and Tyler who couldn't attend the wedding.

-Cole had to wear a small tux because he couldn't get one big enough in time.

-The Stoll brothers tried to prank people at the wedding but Lura gave them one nasty look and they were seen for the first time actually not pranking people.

-The cake, courstey of the Demeter cabin and the kitchen, was almost 5 feet tall

-The night went great and afterwards Lura and Devin went down to the empty beach and danced under the moon
