

Never have I ever...

Been to the movies with my crush.

sadly
Never I have

Accidentally swallowed a bug.

Never I have

I was leaving the pool and talking when a bug flew in my mouth and when I accidentally bit down my tongue went numb!

Been knocked out/ passed out

Never I have

when I was 8 I was doing a kart wheel on a balance beam and fell off, hitting the one behind me and I don't remember anything after that until the next morning.

Set something on fire by mistake

Never I have

- My hair 3 times
 - * 2 from the stove
 - * 1 from a candle
- a tissue by a candle that I through in the sink and burned my thumb
- I lit a bowl on fire trying to take my nails off at home by myself and lit a lighter to a bowl of finger nail polish remover (that one was the worst)
