

I'm bored so I had the idea of us having a conversation, if that's ok with you ofc hun?

Yeah ofc sorry I was working on a drawing
<3

I saw your amazing drawing! You're such a good artist and I love everything you do 🥰🥰🥰 I'm telling you this right now your art is like at a professional level for me, and I'm pretty sure it is for other people as well ❤️❤️

Ok no, you are TOOOOOO NICE OF A HUMAN, I'm dreaming 🥺 but thank you so much 🥰 so tell me a little about yourself ✨

Well if I list every little detail about myself it might be a whole page so I'ma list a couple of things. I like all kinds of music, I play video games(I mean ya I like Xbox, but not enough to argue in the "Console Wars" that ppl have started), I like to draw, I have a really nice family, some ppl think I'm "not funny" and "annoying" which I mean their not wrong, but their also not right if ya know what I mean. Uhhh oh ya, I have too many cousins, aunts, & uncles to list(just ask me about them their very... interesting), and for some reason I decided to simp over Gershwin Characters(don't judge but they are some hot ones). So tell me about yourself!

Same I would have a whole page but uhh, ok for starters, I'm colorblind I have 2 older brothers, 2 dogs and 1 cat, I have semi strict parents but they are funny. I have some toxic friends 😅 but I try to stay nice. I'm into different kinds of music not to picky, btw I'm 5'6 plus I wear a lot of boots but cute ones because I'm not gonna look like a cow girl but yeah the books make me like 5'8 😭

Dang your taller than me, I'm like 5"4-5"5. Even though I'm Mexican. I bring that up b/c we're basically short. Anyways it seems like you have loving parents, and if your friends are toxic, just find some new ones! You don't need them if they treat you bad!

Ehh I kinda don't have the balls to say I don't wanna be friends but I give hints 😊
.....so wyd? ❤️

Well I just finished a lil' bingo if you wanna check it out. Anyways I'm just chilling listening to music, drawing sum. Ya know, just hangin around. Wyd?

Same I'm listening to music as well
❤️ also I'm pretty sure you are in Texas right? Not to be a creep but like I think you have mentioned that

Well your not wrong, I am in Texas and I did mention that. Wait have you ever been to a place called Belize? It's not in Texas but it's in Central America/Mexico, kinda close to where Guatemala is.

No but I have heard of it , why do you ask?❤️

Omg you need to visit there! The ppl are nice, they have some pretty cool places too! And if you go to the little islands they let tourists go to, you NEED to see the water! It's so clear & pretty! I'm not kidding, search up "Belize Island Water" rn! It's so pretty, like u ❤️😘😘

awweee🥺 Ty and I'll look at it on my phone rn ❤️

K love ❤️. Anyways what's your favorite song, or movie?

My favorite song is say something by Justin Timberlake ❤️ and movie would probably be Grown ups with Adam Sandler and I think your right about my friends they just did something really mean to me over text so I think ima stop being friends with them :)
