

Heyyyyyy,

I haven't been online on Notability for a very long time and here's my explanation 🦋

I live in Germany and we are on vacation right now, which is why I was not much on the iPad but rather did something with friends. Besides, I didn't want to do anything. I mean, it's holidays. I really couldn't do anything anymore and something like that. I couldn't follow anyone, change my profile picture. Just post stuff. But now I can do it again!!! That's why I'll try to be a little more active again. From now on I can follow everyone again. The people who followed me in the time, I also followed back. Well, that's all I wanted to say. Don't forget, my English isn't so good 😊😅
