

Hey y'all,

- So I'm gonna update u guys on my life rn. My crush and I made eye contact across the room today in English so that happened. Also I saw him like a bunch of times today and he saw me pacing back and forth in front of my math classroom cause I was waiting for my friend and she was like "what if he was checking you out?! 🙄" And he doesn't have a gf I think just friends who have gfs lmao. #update.
