

Fact time!

Did you  
know trantulas  
molt?

Did you  
know trantulas  
molt?

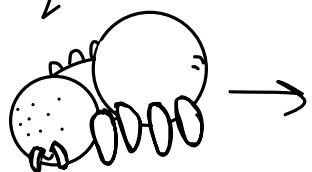

Yeah, they molt!

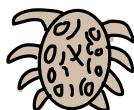

Trantulas molt by

Flipping antithere backs

Then only  
There out,  
They Go back to  
normal  
Then Eat!

Then they take there  
legs & body out  
or the molt

(wuh.v.)
