

## The story of how i lost my stylus... then found it

So, it was like, a week after winter break ended, and i was in my last class, and a rly annoying kid was sitting in front of me. He took my stylus out of my holder thingie, played with it trying to annoy me, then put it back, BUT DIDNT PUT IT BACK IN THE HOLDER THINGIE SO I THOUGHT I LOST IT WHEN IT WAS IN ONE OF MY TEXTBOOKS, and so ive been unknowingly DESTROYING it since Christmas... but then i found it like, 2 weeks ago so yeah, now it sucks
