

OMG my ex bf came to me today asking me if I would be his gf because his gf broke up with him my mom was so mad if I didn't stop her she would have been in jail it was kinda funny but he still did me wrong. He got mad and he stormed off then I felt nauseous and passed out and I went to the doctor and he said that if we see what's going on inside with the baby I found out I had a small seizure but I'm ok now so is Flora. (My daughter).
