

I have to tell you something, tomorrow 12. May, can it be that my grandpa ... I don't know how to say that, but I guess you know what I mean. He is very sick and has to be operated on tomorrow because his kidney can no longer protect his body from harmful substances. But I don't know how to explain it, but I have the feeling that he won't survive it for long. I also don't know how the operation goes and if he survives it... I hope he still experiences 2025... You can colour a heart below and make a remix here, that doesn't change the situation, but maybe it helps me to overcome the grief when I see that other people suffer with me... My acc name is @epic\_anna 🥺
