

I look at my open window and get on the roof, I look up at the cloudy sky that seems like it'll rain, I then look down and see Way-Len looking at me I follow his gaze and it seems like he is walking towards my house I quickly get back inside my room and run down stairs. I trip on my sister shoe, but I quickly stand up and run towards the front door, I open the door and see Way-Len "Aren't you a quick one, you didn't even give me time to knock" He said, "What do you want!?" I asked him with my hand on the door. "I just wanted to pay you a visit" He said grinning at me, he looks so sinister. I roll my eyes and let him in, dont get me wrong I hate Way-Len and the only reason I'm letting him in my house is so I can tell him that Sin-U wants to break with him. "What a lovely house you have here" he said walking in, he looks at me and takes his shoes off he takes of his white jacket and hangs it on the coat hanger next to him. I lead him to my room and I sit on my bed he closes the door behind him. "I love your room it's so spacey" Way-Len says, I thank him and look away. he sits next to me and lays down he slides his hand in my shirt and rubs my back, I quickly stand up "What the heck are you doing?" I said looking at him all disgusted, "What do you think I am doing, I trying to get you to like me" He said with a smirk on his face. "This is the reason Sin-U wants to break up with you" I told him backing away from him, he stands up and walks towards me "I know that, that's why I broke up with him before he told me" Way-Len said as he walked towards me. He grabs my waist and pulls me to him, he slowly pulls my head towards me "I like you... Apollo" he whispered in my ear, I push him off and and punch his face I then kicked his leg and started to punch him when he fell. After what felt like hours of beating I stand up and open the door for him, he proceeds to walk out while he held his left eye with his right arm and his right arm on his stomach, I close my door and hear my sister scream "INTRUDER" she yelled out, I looked at the window and see Way-Len running in the streets bare foot. I kinda feel bad for the guy but I really don't. My sister walks in my room "Are you ok?" She asked me looking all worried, "yeah I'm fine I was able to handle "IT" myself" I told her with a smile. She looks at my left hand and runs to the restroom she then comes back holding a first aid kit I sit on my bed and she raps my left hand with roller bandages. "You're such a moron" she said smiling at me, "I'm glad you're okay as well" I said, hugging her she hugs me back "Thats

I'm your big sister, I'm here to help you" she said. We walks out "oh I'm ordering pizza, and I ordered your fav pineapple on pizza" she said. I nod, yes pineapple on pizza is my favorite, if you guys don't like Hawaiian piazza consider yourself my enemy.
