

Why am I
Still here
Without you
Because I
Need you to
Live the
Right way so
I'll finish the
wrong life
and need
him here to
fix it I will
do anything
for you
to fix me
and he needs
me to help
him we need
each other and
each we have
each other every
single thing
is going to be
Oh but I need
him to make
that happen
Because less the
reason make it
faster School and
with the Family that
run over land
me I need him
here then ever
Right now and
that's not going to change.
