Name: Lynn pitts

Class period: 5th.

Date: 9,7,2023

1. Which organelle contains its own DNA?

Nucleus

2. What structures are found within the nucleus?

Controls both cell activity and hereditary materials/ DNA

3. What is the difference between smooth and rough ER?

Rough ER- puts protein and transports

Smooth ER- only detoxify

4. What organelles are found in plant cell and not in animal cells?

Cell wall and chloroplast.

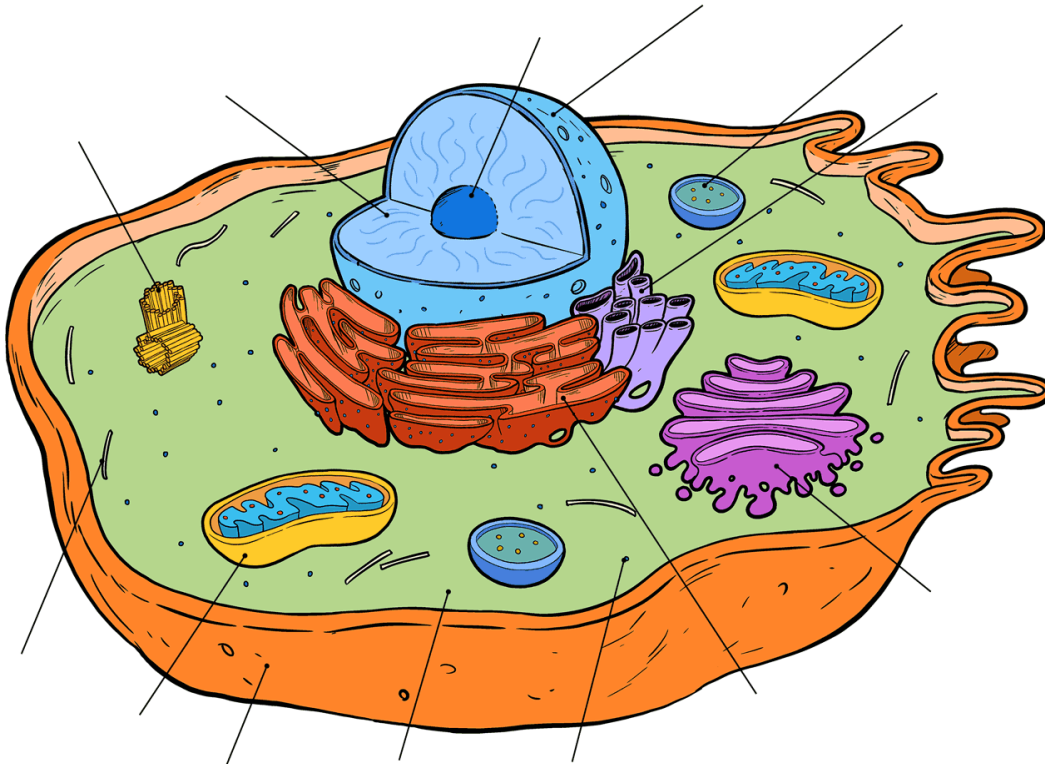

Science
Notes
