

These are my OC's Franciszek and Mary they are slightly homicidal-very homosexual vampires, they live in the mountains of British Columbia and feed off of hikers. They met in Normal, Illinois. Franciszek was turned in the early 1700's Poland after the great northern war at the age of 19, her COD was hypothermia, she unknowingly had vampire blood in her system at the time. Mary was turned at the age of 18 in 2012 in Gary, Indiana. She had severe alcohol poisoning and Franciszek gave her some of her blood hoping it would save her.
