

hey uhh so my school is making my grade turn in our ipads at may 18 which is in 2 days for me so when that happens i'm gonna be gone for a bit, probably for a while because imma be graduating and not getting my ipad back. i'll do my best to try to get plus for my home ipad. for the contest winners and requests: i'm gonna try working on them but no promises <3, i might just have to work on it on another app or something and after that i'll maybe be making a few posts where the first (insert number) of people to comment will get a request from me or something, tysm for 360+ followers btw! i really appreciate the support and hope to get back to you guys soon, in the meantime toodles
