

Iv don't it again but I think I passed the line my parents are rlly mad at me this time and there punishing me for 7-8 months for talking to a guy online which is my friend iv done this multiple times but my brother snitched me out this time and I did nothing to him... but the whole story is my parents were at a church thing for 2 hours and I decided "oh it's a good idea to talk to my friend" so I do uwu's as a joke Same with moaning my brother heard and he told once they got back from it and they said "oh your a disgrace your disgusting and your dishonest get out of my face I don't want to see you" now that just got deep in my heart it hurts still honestly and I feel so bad I feel like I don't deserve anything anymore I feel like I'm worthless all just bec of this but iv broken there trust again and yet IM PLAYING THE FUCKING VICTIM AGAIN. Maybe my mind does it to feel less guilty I hate it I cried myself to sleep and the worst part is my depression will probably get worse and eventually I will distance myself but I won't I'll probably have to switch schools or something if not I'll probably get slapped like last time why should I care though I used to it by now but i feel like killing by brother not literally though just punching him or something I hate him honestly but I can't hate him I have to forgive him because I'm Christen yep I am and that's hard now I go on a 5 day break from school and I hate it because there's probably going to be more drama than ever I think I won't talk to him and just sleep if I have to idk but I hate this situation but than again it is my fault and I playing the victim again I just need advice if u made it this far plz help me somehow :(
