

**OML. I HAVE POINTED OUT THAT  
KADENCE'S ART IS TRACED. IT'S  
ACTUALLY RXSIE'S. YALL STOP  
ASKING KADENCE TO DRAW  
YOU. That. Isn't. Their. Art!!!!!!**

OMGGGG!!! YOU need to stop! Kadence is just trying to draw she is not stealing any art!!!!!! She just likes the style!!!! I literally know her in rl so STOP being so rude! If it were to happen to you, you wouldn't like it, so thats how she feels right now, so please stop! And she isn't tracing, i am not lying! I literally watch her do it she just has a split screen of rxsie's! And she thinks y'all are amazing, and she absolutely loves y'all's art, so just please stop!

**OK- OK. Becuase I'm so tired of this. I am going to quit it. I apologize Kadence, and everyone else. But, if i do see more traced art, i am sorry, but i will have to call them out. My little sister got very popular off of tracing, and she left. I don't want to watch as someone traces art and get popular off of it again. I repeat- i am leaving this convo, and if i do see more traced art, i will call kadence out for it. But first i will do some research to make sure, before i post.**
