

Ok... I decided (lol).

I'm just gonna upload my book even tho not that many ppl commented...

Again, it is definitely based off of KotLC, it's fanfics, and maybe Red Queen?

I'm gonna upload two perspectives at a time as "chapters".

You'll see :D

I dunno what the book'll be called...

Hope ya like it! I'll upload the first two perspectives in the next note.

Bye yall!
