

I complimented a girl with blonde hair
Because I hate my hair
I complimented a girl with a Soft Girl style
Because I hate my style
I complimented a girl with Converse
Because I hate my shoes
I complimented a girl with French nails
Because I hate my naked nails
I complimented a girl with the iPhone 16
Because I hate my Samsung

But a girl with blonde hair complimented my brown hair
A girl with a Soft Girl style complimented my Comfy Girl style
A girl with Converse complimented my plain, white sneakers
A girl with French nails complimented on my naked nails
And a girl with the iPhone 16 complimented on my Samsung

Something you have, can be something somebody wants as badly as you do.
