

“Wsg Ashe?”

I am in greate pain. I drank too much monster to fast.

“Ashe did you get the new flavour of monster?”

Yes

“Ashe why are you so weird?”

I have a god complex and don't care what people think. Aslo, what is the point of living if I am not who I am, if I spend my life trying to be normal then I am not living, I want people to think of me and be like “what the fuck is wrong with them, you know what? I don't even want to know.”

“Ashe will you wear the maid dress a third time to prom?”

Maybe, but I lost it.. and my ex friend stole a bunch of important parts of it and I'm too lazy to buy another so most likely not.

“Ashe do you believe in god?”

No, but if god is real I believe god would be a true circle. God is described as something beyond human comprehension, and there is no such thing as a perfect circle. If god is truly real, Devine, and beyond human comprehension it would be a circle. I am sure of it.

“Ashe, how is the naked old corner man doing?”

I don't know, I haven't seen him in almost 2 years.

Becuase I don't believe in killing or torturing people anymore

“Ashe what will you do when you become president?”

I will establish equal rights for all religions, races, gender everyone, then I will get rid of all laws, all taxes, and all signs which tell you what to do and makes you not want to do the right thing. Then, I will rule all the America's and make it truely free. Everyone will get free monster and red bull will be banned.

“Ashe who are you talking to?”

“Ashe it isn’t safe to stick your head out the window and scream at your friends”

I kissed God on the lips

“Ashe can you stop talking to imaginary friends?”

I’m above death.

“Ashe has King Charles forgave you yet for killing his mom?”

Yeah, but he knows his time is near.

“Ashe are you even real?”

Probably not, I think I’m just a bunch of mentally ill people’s imaginary friend who rules the shadow government.

“Ashe I’m scared someone can read my mind, what if the CIA put a chip in my brain and they know all my thoughts?”

Just think of hardcore sex, then they will take it out. Same if someone is a mind reader

“Ashe how much do you love monster?”

I defied the laws of physics and flattened a sphere for a free monster

“Ashe how do you know you would be an awesome stripper?”

Have you seen me climb the walls? Not many have that ability

“Do you have ADHD?”

No, I am normal. I know for a fact I don’t too because I am not diagnosed and caffeine affects me normally, however, my friend with ADHD gave me one of her meth meds for it once and I invented Mansikka.

“Ashe, how do you manage to just leave the school whenever you want?”

Just walk out like you are meant to, they won't stop you.

“Ashe why doesn't anyone willingly talk to you?”

Well if the past 7 pages didn't sum it up it's because no human can handle my swag

There are a few ways:
