

Moods: red=angry, Orange= hungry, yellow= happy, green= envious, blue= sad, indigo= bored, violet= 'No Mood Detected' Lol. She can have more then one mood at a time, blue+red = angry but sad that smthg happened or whatever, blue and yellow is happy sad obviously.

Right now she is Angry but Sad for no reasons whatsoever 😏😏😏

Eye colour reflects her mood

Just pretend  
She's got wings oh?

I asked Chatgpt for a 7 letter  
name for a rainbow

'Nightfury' lol

VOIDS ex

They're still good friends but...

VOID just decided he liked my  
Misty.
