

A whimsical illustration of a night sky. The sky is a gradient of light blue to purple. In the upper right, a large, greenish-yellow crescent moon hangs. To its left is a blue planet with a dark ring. Further left is a bright yellow sun with a blue glow. Several small, blue, four-pointed stars are scattered across the sky. Below the sky, a dark blue, scribbled landscape is visible. In the foreground, a white, rounded figure with two vertical lines for eyes and a small tuft of hair on its head stands on a green, grassy patch. The figure has its arms crossed.

*When you get tired,
learn to rest not quit.*
