

Y'all this is so toxic the banning, hate, the drama THE QUITTING LIKE MY FAVS ARE GONE .  
Im not saying it's everyone's fault but it's not the same as it was before

Whoever's spam reporting idk whats going on in your head but keep it there. Its not funny like stop...

The venting... Like idc if you do but don't be insensitive about it

On nota aren't we just supposed to support each other, tell abt our days, and if you like art go for it  
I'm in no position to tell y'all what too and not do but I'm pretty sure, positive actually that people are  
tired of it....
