

# FULL MOON

*The vessel*

## Prolog

My feet are cold, I look down and there is a soft light lighting up a path, the path is cold. I look up and see the moon, it looks like it's looking at me. I put my hands out in front of me. My dark brown skin is now almost as pale as snow. A strong wind came by instead of my t-shirt and sweat pants. I was in a white silky nightgown with lace on the sleeves and the neckline. I look like I'm from the late 19 hundreds, maybe 18 hundreds, whether 18 or 19 hundreds. I look like I'm from the old days. I look around and see nothing but slightly lit trees. Then a flash of light...

## Chapter I

I walk up in a cold sweat. I ignore what just happened and make my way down to breakfast where I hear my mom yelling my name.

"Amaris!" I hear my mother yell at me "get down here, you don't want to be late do you!" As I make my way down the stairs I feel Light headed. I grab my breakfast and make my way to school.

I live in a small town in Georgia called Esmeray. All my friends live really near me, the school is one mile down the road, and the store is right around the corner. As I walk to my friend's house, I see the statue as I make my way to it where I put a strand of my hair because I do not have a penny on me. I bow and make my way to my friend's house.

When I finally get there my friend is sitting on her porch reading her book.

"Hey Brock!" I yell as I walk up to her.

"Oh hey amaris, how are you?" Brock says as she puts her book in her bag.

"Oh go-"

"Heyyyyy" A girl with the same uniform says as she comes up.

"Oh hey kódi" I say

"Hey kódi" Brock said very quietly "well we should go to school before we are late

"Ya that sounds good" I told Brock. Brock stood up and gave a head nod saying go, and we headed to school

When we get to school I make sure we go through the middle school door. When I talk about the three different doors, my mom says, "it makes it "easier" because you already know the layout of the school" I think it's annoying because we don't meet any new kids, because the grade, middle, and high school are all one building. Besides that I have a bad feeling about kódi,

I don't know what it is but I have had this strange feeling about her since I had that dream. Everyone loves her so I guess she's ok. Though I think there may be something she's doing to make everyone like her.

When I was done thinking the bell for first class ended.

"Wow that was short" I stand up and make my way to my next class, as I'm walking I hear a voice in my head. The voice was light and soft. It had a touch of fear, as I heard the voice I looked around to see who said it but no one was there. I get a sharp cold pain, not out of fear or just being cold because I'm neither, I'm shaken up though. I don't mind it and carry on to my class.

"Don't trust k-@)\$(-(3(@;)+"

## Chapter II

I make my way to the lunchroom after my other classes.

"Oh I'm sorry" I say as I bump into this girl

"No I'm sorry" the girl says "I'm Kafziel"

"Ka-f-zi-el?" I asked the girl

"No Kahn-zee-el" she corrected me

"Oh, that's a cool name" I tell her "my name is amaris. Why are you heading this way?" The girl seemed like she was talking to someone or herself but I couldn't hear what she was saying.

"Um- what are you looking for?"

"Oh sorry I'm new, I'm looking for the lunch room"

"Oh well I'm heading there now you just passed it" I bring kafziel to the lunch room

"You can sit with us, ok Kafziel?"

"Ok thank you"

"No problem, we are friends now so you need to meet my other friends" as we walk over Brook reading a book like normal and Kódi is talking to another girl at our table. Kódi looks over to see where it is coming, but when she sees Kafziel she stops talking and stands up, and walks to us.

"Oh ha-"

"Who is this"

She looks Kafziel up and down when she looks back at me, her face looks like she's disgusted.

"Amaris who is this"

"This is my friend Kafziel"

"Ka-fz-iel?" She asked

"No" I corrected her "Kahn-zee-el"

"Ka-fz-lel" she says "what kind of name is that" as she asks as she looks at Kafziel. Kafziel just stood there. I put my hand on her shoulder. Her long orange hair drapes over my hand.

"Shut up kódi" I said sternly at her "her name is unique and beautiful, you're just jealous that your name is kódi not Kafziel" The second the words came out of my mouth I regretted every word.

Kódi just walked over to the lunch table and sat down, she took her lunch out. I walked to the other side where Brook was and sat in front of her. Her long wavy brown hair draped over her face as she looked over her book.

"So what was that all about?" Brook said as she lifted her head and her hair draped down to drape over her shoulders. My heart felt like it fluttered but I shook it away.

"Oh nothing" I told Brook. Brook stood up and leaned over the table, her narrow gray siren eyes in front of mine, the smell of her blossom perfume that she uses in the spring wifted into my nose, her top looked so good on her, with her chest. My heart must have skipped a beat and I must have been trying so hard not to blush because Brook had to ask if I was ok.

"You ok?" Brook asked and she slowly said back down keeping eye contact.

"Y-yep 100%" I told her, I didn't know I could stude until now.

"Ok if you say so," she told me. I know she didn't believe me so I tried to change the subject but with me starting to shudder, her wounds came out faster than mine.

"Who's this" Brook asked me

I was finally able to stop stuttering and answer her "this is Kafziel, my new friend"

"Ok, we'll a friend of Amaris is a friend of mine" Brook said

"o-ok nice to meet you" she put her hand out so Brook could shake it.

"I'm Brook, it's nice to meet you too. After that, the Brook would not stop talking, which is normal. She talks 24/7 all of lunch. When we were able to leave, Kafziel's class was my next class, which was easy to tell her where to go.

"Amaris!" Brook yelled

"Oh hey ready to leave?" I asked her

"Yep!" She said

"Ok let's go"

"You want to study/hangout at my house?" Brook asked me.

"I would love to; I should check with my mom first tho" I told her.

"Ok, make sure you change and then come over. Don't want to get your uniform dirty" Brook said with a chuckle.

"True, we'll see you soon maybe" I told her

"Ok, see you soon" I walked into my house and went to my room to change. I got into some comfy clothes to study in, but cute so if we go out I don't look like a mess.

"Ma!" I called from the top of the stairs.

"I'm in the kitchen baby" I heard my mom yell? I walked down and saw her standing in the kitchen making a snack for herself.

## Chapter III

"Hey mom." I said.

"Hey baby, what do you need?" She asked me

"Can I go over to Brook's to do a study/hangout thing" I asked her

“Ya sure just be home before dark” she told me.  
“Thank you!” I told her as I gave her a hug.  
I make my way to Brook’s house.
