

Do you have a  CRUSH? Bingo

they smile at you and it makes your day

he doesn't usually smile at me

you pretend that you find them annoying

VERY annoying

you talk about them constantly

you've dreamed about them

not on purpose :)

you blush whenever they talk to you

when they get in trouble you are in denial that they did something wrong

you're afraid to embarrass yourself around them

you like to imagine that you're together

you catch them staring at you and your brain explodes

whenever someone mentions them you immediately start eavesdropping

you subtly watch them in the halls

you try to look nice to impress them

sometimes when I feel like it is

when someone finds out, they try to hook you up

you catch yourself thinking about them too much

you have a hard time talking to them

you know you'll never be together
