

I'm at home (supposed to be doing hw) rn so I'm gonna give an update on school.

Like my teacher has been here all week like bruhhhhh  . Anyways are ppl rly getting banned. Bro I don't wanna get banned. It took me so long to make this acc. Anyway does anyone have a Valentines or I'm that alone. I'm as single as a Pringle . I don't know if ur dog can do this, but my dog can open doors like I'm not even caping. Me and my friend got extra credit but the rest of the class didn't and so they were beaching us around, we only got extra points bc we got a low score and the class probably got like an A+. And they were calling out that teacher but she literally just had a baby so shut up that is so rude. Bro I have a test that I did not study for yet     I'm going to die tonight.
