

# Geography

What is the total number of countries in

**Africa**

54

population of Africa is

1,435,027,475

land/area of Africa is

30.3 million km<sup>2</sup> (11.7 million square miles)

Total wealth of Africa

USD 2.4 trillion

number of languages spoken

1000 - 2000

What is the total number of countries in Antarctica

0

population of Antarctica is

0

land/area of Antarctica is

13.66 million km<sup>2</sup>

Total wealth of Antarctica

0

number of languages spoken

0

What is the total number of countries in Asia

48

population of Asia is

4.757 Billion

land/area of Asia

44.58 million km<sup>2</sup>

Total wealth of Asia

41.36 trillion

number of languages spoken

2,300

What is the total number of countries in Europe

44

population of Europe

743.5 million

land/area of Europe

10.35 million km<sup>2</sup>

number of languages spoken

200

Total wealth of Europe

16.6 trillion

What is the total number of countries in North America

23

population of North America

579 million

land/area of North America

24,71 million km<sup>2</sup>
