So I was going off on my brother cuz he made my “dAd” block YouTube. My aunt told me to chill but I just stomped away. Well I’m sitting up in my bedroom being p!ssed off, having a headache, and not being able to enjoy myself in my room THE ONLY F*CKING PLACE I CAN ENJOY MYSELF. 1st off my brother has ruined my social life and my home life which is why I’m p!ssed at him. Well I had f*cking PE today and we were playing dodgeball and in order to get back in the game we had to 5hriw a ball and hit the backboard of 5he basketball net. Well an @$$hole got in my way swatted the ball out of the way and smacked off my f*cking ACRYLIC NAILS THE ONLY F*CKINg REASON I GOT THEM DONE WAS SO THAT I WASN’T BEING “UnGrAtEfUl” I JUST WANTED TO GO TO THE F*CKING MALL SO, NOW MY FINGER IS IN A F*CKING SH!T LOAD OF PAIN!
