

This is a character sheet for those who are participating in the 'Endless Void of Hunger' comic I'm working on. I've realized it would be too difficult to go through everyone's account and pick a character for them. I also thought it would be rude to assume some things about people, like how they look and their preferred pronouns. So that is the purpose of this note, if you are participating please fill out the form and draw your o.c!
