

Alive and  
tramatized  
(original)

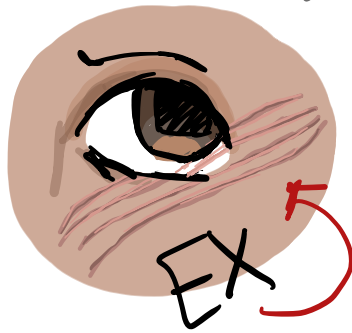

his original au  
with his  
original lore

Alive and  
well

Like the original,  
but he gets a  
scratch instead  
of his eye being  
ripped out

(Also has piercings  
for some reason)

Death

Same lore, except  
its too late and  
Rosaline kills him  
before he can  
get help

LAB

Again, same lore,  
but instead of joining  
the mental hospital,  
he goes into the  
LFLL to test subjects.  
(cyber\_notability's  
ocs lore)

Also he replaced his  
missing eye with a  
red eye
